

Cyclone Montego Torino REGISTRY UPDATE 2/20

Resto Tips: Kick panels eventually crack due to age or abuse. Rhino fabrication makes them in the USA for 68-71 midsize, with and without speaker grills. They also make the speaker cups and fan shrouds + other blue oval parts. <https://rhinofabrication.com> 541-480-5526 and several distributors sell their parts as well. I put a set on my convertible and only had to trim off a bit on the top since the inside floor/ rocker area is thicker metal than hardtops.
